KEY CREDIT VALUES

As a rule, LCBA uses the following values for granting credit for completion of AQF qualifications in a related field towards the course requirements of a Bachelor-level (AQF 7) qualification:

- Certificate III (AQF 3): up to 8% of the course requirements (or 0.25-year equivalent);
- Certificate IV (AQF 4): up to 17% of the course requirements (or 0.5-year equivalent);
- Diploma (AQF 5): up to 33% of the course requirements (or 1-year equivalent);
- Advanced Diploma (AQF 6): up to 50% of the course requirements (or 1.5-year equivalent); and
- Associate Degree (AQF 6): up to 67% of the course requirements (or 2-year equivalent).

As a rule, LCBA uses the following values for granting credit for completion of AQF qualifications in a related field towards the course requirements of a Master-level (AQF 9) qualification:

- Bachelor Degree (AQF 7): up to 25% of the course requirements (or 0.5-year equivalent);
- Graduate Certificate (AQF 8): up to 25% of the course requirements (or 0.5-year equivalent); and
- Graduate Diploma (AQF 8): up to 50% of the course requirements (or 1-year equivalent).

GENERIC ARTICULATIONS

The following table specifies the pathways (including admission and credit for prior learning) from a generic source program completed at a registered Australian institution to a given course at LCBA. The table must be read jointly with the relevant course rules and LCBA's *Credit Point Policy*.

Students should note that some majors may not be available due to advanced standing given for specified units and should consult with LCBA staff upon enrolment to confirm majors on offer. International students should note that advanced standing may impact on course duration: eligible students should consider an offer of advanced standing in light of potential impact on student visa requirements.

* Based on normal progression rate (8 standard units per year). Actual progression may differ depending on work-integrated learning placements and chosen study load in accordance with course progression rules. The Bachelor of Business may be completed in 2.6 years at the maximum progression rate; the Bachelor of Business Administration may be completed in 2 years at the maximum progression rate. Refer to the Indicative Remaining Full-Time Duration section below for more information.

** Except LCBA's Advanced Diploma embedded in Bachelor qualifications which lead to 67% of the course requirements in advanced standing for a Bachelor's degree (i.e., Advanced Diploma of Business (International Hotel Management) [CRS1200376] and Advanced Diploma of Business (International Restaurant Management) [CRS1200374]). Refer to LCBA's *Student Selection and Admissions Policy* for more information on the 'LCBA Advanced Diploma Pathway'.

RECOGNITION OF PRIOR LEARNING FOR INDUSTRY PLACEMENTS – IF NOT GRANTED AS CREDIT FOR PRIOR LEARNING

Industry placements, internships and other WIL-related activities associated with different units in a program may lead to recognition of prior learning granted in the form of satisfying part, or all, of WIL placement duration requirements provided that these activities qualify as industry experience and contribute to the attainment of the learning outcomes, or requirements, of the WIL unit. Students will still be required to complete assessments for WIL units. Industry experiences conducted outside of a program of study must be validated, and supporting information verified, for students to be eligible for advanced standing, credit transfer, or recognition of prior learning.

LCBA Course	Recognition for Prior Learning
Bachelor of Business [CRS1401111]	WORK203 Industry Experience A – placement duration only
Bachelor of Business (International Hotel Management) [CRS1200375]	WORK202 Hospitality Industry Experience A – placement duration only
Bachelor of Business (International Restaurant Management) [CRS1200373]	WORK202 Hospitality Industry Experience A – placement duration only

Recognition of prior learning for industry experience is independent from, and in addition to, any credit for prior learning granted for the selected course. The exemption to undertake a placement does not directly reduce the duration of a course as students are required to complete the unit assessments; however, students may be permitted to undertake concurrent units, thereby allowing a higher study workload for the trimester and reducing the overall course duration.

Students exempted from the placement duration are liable for a reduced tuition fee for the unit.

For more information, refer to the LCBA *Work-Integrated Learning Policy*.

INTERNAL ARTICULATION ARRANGEMENTS

The following table specifies the pathways (including admission and credit for prior learning) between given courses at LCBA. The table must be read with the relevant course rules and LCBA's *Credit Point Policy*.

Students who wish to undertake majors different to those listed below may apply for credit for prior learning but may not be eligible for the full amount of potential credit.

Specified units indicated in the table are subject to change and will be confirmed at time of enrolment in the LCBA course.

In the following tables, 'specified unit' means that the credit is applied to a defined unit, and recorded with its unit code and unit title. 'Unspecified unit' means that the credit is applied as an elective credit only: no unit code or unit title will appear on the academic record, and the student will not have the option to select an elective unit.

Students who are eligible for advanced standing in a Master degree due to completion of a cognate Bachelor degree should consider the offer in light of any potential impact on their student visa requirements.

* Based on normal progression rate (8 standard units per year). Actual progression may differ depending on work-integrated learning placements and chosen study load in accordance with course progression rules. The Bachelor of Business may be completed in 2.6 years at the maximum progression rate; the Bachelor of Business Administration may be completed in 2 years at the maximum progression rate. Refer to the Indicative Remaining Full-Time Duration section below for more information.

ARTICULATION ARRANGEMENTS WITH THIRD-PARTY INSTITUTIONS

Articulation arrangements are negotiated with each third-party institution based on LCBA's policies and frameworks. Please refer to the specific agreement for information on applicable pathways and articulations.

INDICATIVE REMAINING FULL-TIME DURATION

The following tables provide sample remaining full-time durations under the generic articulations. The tables are indicative only and must be read with the relevant course rules and subject to availability of units.

Note: Normal rate is equivalent to progressing at a rate of 8 standard units per year; maximum rate is equivalent to progressing at a rate of 12 standard units per year. A standard unit (10 credit point) is equivalent to 0.125 EFTSL.
